Languages	German (B1, in B2 course), Portuguese (mother tongue) and English (basic knowledge, used in programming context).

Profile

As a **passionate** front-end developer with a strong background in **team leadership** and a **broad educational background**, I bring a rare combination of **analytical skills** and **creative thinking** to the IT industry.

I began my career in the humanities and social sciences, which gave me **strong communication** and **analytical skills**.

However, my enthusiasm for exact sciences and technology led me to an **intensive training** in **front-end development**.

At **Caixa Econômica Federal**, in my role as **Portfolio Manager**, I was able to gain valuable leadership experience while developing my **technical skills**.

I am now ready to contribute and develop my expertise in a dynamic and **innovative environment** to actively contribute to the development of pioneering **digital solutions** and thus create sustainable added value for the company.

Skills

Frontend development	JavaScript, HTML5, CSS3, Figma, responsive web design, web accessibility, SEO, React.js (currently in training)
Project management and agile methods	Scrum, Kanban, planning, organization and execution of projects, use of Trello
Problem solving and analytical skills	Analytical thinking, ability to make quick decisions, development of efficient and sustainable solutions
Software and tools	Git, VS Code, Google Cloud, Figma, Canva, Adobe Photoshop, Adobe Illustrator, ProtoPie

Professional Experience

Praxis GmbH Marburg, Germany <i>October 2023 - present</i>	Employee in the department store of Praxis GmbH Support with administrative tasks and customer service in the department store. Improvement of German language skills and successful integration into the German working environment.
